

Land Base Investment Delivery

Ministry of Natural Resource Operations

WSCA AGM February 3, 2011

Overview

Prior to 2010:

- Multiple land based funding sources,
- Multi-layered governance, delivery, reporting structures

February 2010 MFR business response and reorganization:

- One land based funding source.
- 2 Branches - FPIB accountable for LBIS development
 - LBIB accountable for delivery

October 2010 government natural resource sector reorganization

Natural Resource Sector Re-organization

- Responsibility for development of the LBIS remains with MFML
- MNRO is responsible for the delivery of specific activities to achieve the LBIS
- There are elements of the LBIS (i.e. inventory, tree improvement) that MFL delivers.

What we do:

Collaborate with MFML, MNRO provincial and regional operational staff, stakeholders

Coordinate an effective and efficient delivery framework:

- Planning for program delivery
- Implementation
- Evaluation

Delivery Implementation:

- On-the-ground activities will be done by the contracting community
- The administration of contracts to deliver on-the-ground activities can be done by: MNRO staff in regions and districts, BCTS, licensees and by third parties

Transition phase:

- Ensure LBIS priorities are delivered efficiently and effectively
- MNRO reorganization is evolving – define/clarify mandate and identify internal capacity for delivery
- Continue to work with delivery agents, MNRO staff
- Continuous interaction with MFML on the LBIS

Delivery Objectives

Short term:

- Effective transition to address changes/direction over the last year
- Coordinated communication to ensure clarity for delivery agents, the contracting community, government

Long term:

- Seamless integration with internal and external stakeholders to achieve efficient and effective delivery of activities on the land base
